

No Torture in Britain? No Death Penalty in Britain?

Andy McCardle was a very brave man, completely sane. **BUT** - he was 'blowing the whistle' on drug smuggling by Strathclyde Police.

To silence him, they first put him in the notorious Barlinnie Prison, then in Carstairs State 'Hospital', Lanarkshire, where so-called 'doctors' & so-called 'nurses' were told to cure his delusions. For months they used force to pump him full of anti-psychotic drugs to turn him into a zombie, but his mental strength was such that he was able to resist even this fiendish torture.

So, on 26th December 2004 he was brutally murdered. He had a smashed eye socket, a broken jaw, a bruised ear, & a cut lip stuck with superglue.

'Doctors' said he died of a 'heart attack' & the official verdict was 'Death from Natural Causes'.

JUST 6 WEEKS LATER (*too late to save Andy's life*)

the Glasgow Herald reported that one of those he was exposing was given a six year prison sentence – for drug smuggling! So, his 'delusions' were not delusions at all!

THAT is the fate of 'dissidents' in Britain under the BBC Regime (*Blair, Brown Cameron*) - War Criminals abroad (*which you know about*), murderous gangsters at home (*which you don't*).

Tragically, half the British people glory in the power & perks from being part of this ruthless, lawless, murderous & merciless '1984' Police State

(*just as bad as Hitler's, but less honest, the victims fewer – **AS YET!***)

99.9% of the remainder – hedonistic, brainwashed & spineless – choose to ignore it, just as the German people turned a blind eye to Auschwitz, Belsen & Dachau.

In World War II I fought to keep Hitler's Gestapo & Waffen SS from our shores, lucky to survive when my brave young shipmates died around me.

THEY DIED IN VAIN - as did the equally brave German sailors that we killed.

EVERYTHING we fought against then is here now! .

Nobel Laureate Aleksandr Solzhenytsin wrote,

"To put a sane person in a madhouse is worse than the gas chamber. The torture is more cruel, death takes longer".

George Orwell wrote, "If you want a vision of the future, imagine a boot stamping on the human face forever - & remember – it **IS** forever!"

ANDY SUFFERED BOTH!

Murder by The State is murder; torture is torture, whether it be one, two, a hundred – or six million!

Nothing in the land is more important!

DON'T turn a blind eye! DON'T turn your back!

**Andy was, like me, a 'Whistle-Blower'.
I escaped his fate by the skin of my teeth!**
