

10th OF JUNE.

STATEMENT OF TRUTH By MRS. D. M. HUTCHINSON.

- I was at my gate when I heard a commotion, and then I saw the Police outside the surgery and of course I wondered what was going on. The Police officer was having an argument with MR. KIRK who could not get a ward in edgewise. Then I saw the officer throw MR. KIRK against the side of the car, which I thought was a bit brutal as MR. KIRK was still quiet, and not resisting the officer.

The officer then banged MR. KIRK onto the bonnet of the car and handcuffed him.

MR. KIRK then said the cuffs are too tight.

I stood at this point crying as MR. KIRK had saved my dog's life and respected him as a great vet for years to see a good man treated like this broke my heart, as MR. KIRK kept repeating these are hurting me.

The other Police officer had his hands on his hips standing towards the back of the car.

MR. KIRK raised this subject for the first time with me last night 9th of JUNE.

At no time did MR. KIRK prompt me on the facts.

The whole interview took place in the presence of Miss SHANKLYN.

This statement was made to ~~my~~ the best of my belief and is true concerning an incident that occurred about 10 years ago.
